Farm Mutual Re Member Recognition

Farm Mutual Re
Collaborate. Empower. Succeed.

We are proud to recognize Farm Mutual Re as a valued member of the Impact Network since 2010! As one of our longest-standing members, Farm Mutual Re is a reinsurance company that places environmental responsibility at the core of their operations.

Their Green Team actively plants and maintains an office garden, with all produce donated to local food banks, and they are committed to sustainability through initiatives like planting microforests, running recycling programs, and participating in the Region of Waterloo's Adopt-a-Road program. Their office is LEED® Gold certified and features electric car charging stations.

Direct quote from Farm Mutual Re about the Impact Network: “Being part of the Impact Network means we have access to resources and expertise to help us on our journey to advance our green initiatives and make a positive impact on the environment.”

Through networking and shared resources, the Impact Network helps Farm Mutual Re further their ecological projects by providing valuable knowledge and insights. We're honored to support their continued sustainability efforts!

Thank you Farm Mutual Re for your commitment to environmental stewardship and for being a valued member of the Impact Network!
