Langdon Hall Member Recognition

We are proud to recognize Langdon Hall as a valued member of the Impact Network! Located in Cambridge, Ontario, Langdon Hall is a 60-room Relais & Châteaux property renowned for its exceptional hospitality, relaxation, and luxurious comfort all while making sustainability a top priority at the core of its operations.

Langdon Hall has been actively involved in various sustainability initiatives focusing on sustainable land management and agriculture, water management, and purchase controls. Every service on their property is managed internally ranging from water treatment and waste sorting to land stewardship! Langdon Hall is also a member of a large group of properties that follow a sustainability pledge, overall leading change within the hospitality industry!

The Impact Network is proud to support Langdon Hall's sustainability efforts by providing measurable frameworks to help achieve their long-term environmental goals, as well as offering valuable fact-checking resources.

Thank you Langdon Hall for your commitment to environmental stewardship and for being a valued member of the Impact Network!
